

Les Diablerets package – Hotel and Ski pass

The Villars-Gryon-Les Diablerets ski area ranges from a height of 1,200 to 3,000 meters, offering a variety of runs (125 km) suited to all abilities.

A real mountain village, Les Diablerets offers three separate ski areas. Accessed from the village, south-facing Isenau is the favorite of families and beginners. Closed during the winter 2017-2018, Isenau will remain alive and will be developed in order to offer you an exceptional playground for all ski touring and freeride lovers. A new cable-car project is underway on the same route as the old one and should be operational in winter 2018-2019.

The more demanding area of Le Meilleret links directly with the Villars-Gryon ski area, while Glacier 3000 has the highest slopes of the Vaudois Alps. Departing from the Col du Pillon, cable cars carry walkers, skiers and snowboarders up the mountain all year round. From the glacier, experienced skiers can ski the Combe d'Audon, one of the toughest slopes of the region.

The 4-star superior Eurotel Victoria Les Diablerets has been run by the same family since more than 30 years and is located right in the heart of the picturesque village of Les Diablerets. Free WIFI is available throughout the property.

It features a restaurant, a bar, a swimming pool, a sauna, a sanarium and fitness and conference facilities. On request and against a surcharge, guests can also indulge in a relaxing massage.

The rooms are spacious and most have a balcony with spectacular views of the mountains.

The Eurotel Victoria Les Diablerets is located next to an ice-skating rink
