Demerara River Cruise

We will take a drive through the heart of the city to the Stabroek Market area. Here you will join the afternoon commuters using the old ferry stelling to board the river taxis which are used to cross the Demerara River. The river taxis are a faster alternative route to using the Demerara Harbor Bridge.

We will slowly cruise along and across the Demerara River while your guide will give you a brief history of the famous buildings along the waterfront. We then continue our trip to see the Demerara Harbour Bridge, once the longest floating bridge in the world at a total length of 1,851m long. We will cross under the bridge and tie up the boat near a mangrove that is the nightly roost of about nine different kinds of birds. As the sun sets over the river we will have a cold drink and snacks or cutters as we call them here in Guyana while we enjoy flocks of brilliant Scarlet Ibis, Snail Kites, Herons and three kinds of Egrets as they fly across the sky and settle into the Mangroves for the evening.

Soon after the sun sets you return to the ferry stelling while enjoying the city and ship lights from the river.

Duration: 4 hours inclusive of transfers

Rate Includes: Transport, boat, guide, alcoholic beverage (2 per person), local snack & VAT.

RATES are subject to change without notice.
